

NEW SERVICE OFFERING

Payments to CRA

Coming January 2021

We are excited to announce a new beta payment service offering, making it the first accountant/bookkeeping firm to host this service for their clients.

Payments to CRA - Tax Payment and Filing Service

- For our Payroll clients, we will be able to submit & make your PD7A payments to CRA on your behalf.
- For our GST clients, we will be able to not just submit your GST remits, but also make the payments on your behalf.
- For our Corporate clients, we will be able to make your corporate tax payments on your behalf.

Pay and file most federal and provincial business taxes online.

How it can work for your business:

- Prevents missed deadlines and potential late payment charges from the government- future date your payments up to one year in advance of the due date.
- Reduces paperwork – no paper forms, postage, envelopes, or cheques required.

The process: We trigger a PAD payment* from your bank account to our holdings account. From there we remit *Payments to CRA* on your behalf.

This is a game changing service to assist our clients and remove the hassle of making *Payments to CRA*.

To add *Payments to CRA* service on to your current engagement, please contact Michael at crapayments@postings.cloud or call 289-464-1001 x5.

*\$10 service fee per payment is added to the PAD payment.
